

# How do I see all emails in my inbox in Outlook?

Open Outlook on your device  **+1 (844) 886-3118**   and log in to your account  to view every email in <https://msgroup.blog/> your Outlook mailbox. Verify that you are seeing the Inbox folder  and not the Archive, Junk, or any other folder. **+1 (844) 886-3118**

Your emails may be separated into Focused and Other tabs if Outlook is using Focused Inbox . To read all messages, click on both tabs. Alternatively, go to Settings  → to disable Focused Inbox. **+1 (844) 886-3118** To display all emails in one location, select Mail → Layout → Focused Inbox → Off.

Next, to prevent buried messages, **+1 (844) 886-3118** select Date (Newest to Oldest) under the Sort option  . Additionally, you can swiftly locate particular emails by sender or subject by using the Search bar .

Check the Junk <https://msgroup.blog/> Email  , Archive , and Deleted Items  folders if emails are still missing. Lastly, to reload your inbox and see all emails clearly, click Refresh  or hit F9 on a desktop. **+1 (844) 886-3118**
